## Hays

Hays is a leading global specialist recruitment group and continues to grow. They provide experts for leading companies and, in doing so, shape major projects in all industries.

As a market leader, Hays is in contact with the best specialists in the D-A-CH region. They know where to find the right talents and how to place them in suitable positions.

Lots of former Fontys students found an attractive job at Hays. This matchmaking offers opportunities in Düsseldorf and Cologne.

Hays

## Effecty

Digital change is driven by people. That's why Effecty Online Marketing wants to inspire people and organizations to change and reach their full potential.

Effecty is different in their way of working, their way of thinking. Jean Maurice Henkel, former Fontys student will tell you more about the philosophy of the company and internships.

Effecty

## Togrund

Togrund is a founder of BSM Business Software for small and middle sized companies, the company offers software tailor-made solutions for offices. Their USPs are personal service and advice.

If you would like to contribute in IT development and IT support, this is the right place.

Togrund

## NaskorSports

NaskorSports is headquartered in Venlo and was founded in 2008. NaskorSports established itself within just a few years as the market leader specializing in sports nutrition & supplements.

They provide European customers with a range of premium-quality sports nutrition products and sportswear made in the US, Canada, and Europe.

In the coming years, they will further expand their market leadership by achieving sustainable growth, expanding their network of partners, and remaining an effective, lean, and fast-moving organization. Internships in different areas are offered.

NaskorSports

## Sauels

Sauels is a Germany based, family owned run food producer with six production sites in Germany and France, focused on private label meat and convenience products.

The office in Kempen is managing all overhead functions for the group including sales, purchasing, finances, HR and IT and they are always looking for new talents. Marc Sauels is CEO and former Fontys student (IB) and will tell you much more about internship options.
