

I am an international applicant and would like to apply for a Bachelor's degree programme with restricted admission (with NC) for the 1st semester.

1. I print out this checklist and make a note of my access data:

Username hochschulstart.de	
Password hochschulstart.de	
Applicant Identification Number (BID)	
Applicant Authentication Number (BAN)	
Login uni-assist (e-mail address)	
Password uni-assist	
Applicant number uni-assist	

2. I start my registration at hochschulstart.de and make a note of the user name and password I have chosen myself.  
After completing the registration, I find BID and BAN under "my data".
3. I am applying via hochschulstart.de for my desired degree programme(s) at the Hochschule Niederrhein, University of Applied Sciences (HSNR) and **prioritise** my applications (very important!).

Prioritisation Guide:

<https://www.hochschulstart.de/bewerben-beobachten/priorisierung>

4. I go to the uni-assist portal and register here as well.  
I enter the BID and BAN from hochschulstart.de and transfer the data.  
I am complete the registration.  
Now I can apply via uni-assist for a maximum of three degree programmes at HSNR.
5. After having checked my application and documents, uni-assist forwards my application to the HSNR.  
I will automatically receive my access data for my account in the HSNR online portal. I **don't** have to apply again in the HSNR online portal!

User ID Online portal HSNR	
Password Online portal HSNR	
Applicant number Online portal HSNR	

6. From now on I am checking my emails on a regular basis.

After the allocation procedure, a study place offer will be visible on hochschulstart.de and in the HSNR online portal.

7. I accept the study place offer on hochschulstart.de.

8. I apply for enrolment in the HSNR online portal uploading all necessary documents.

**Attention:**

**You will have to accept the study place within ten days!**

**The official admission letter will be uploaded in the online portal of the HSNR.**
