

How to register at : hochschulstart.de

Checklist

I intend to apply for an admission-restricted Bachelor's degree programme (i.e. there is an NC in place (NC: numerus clausus = minimum grade) for the first semester.

I print out this checklist and make a note of my log-in details:

Username hochschulstart.de	
Password hochschulstart.de	
Applicant Identification Number (BID)	
Applicant authentication number (BAN)	
User name online application portal Hochschule Niederrhein	
Password online application portal Hochschule Niederrhein	
Applicant number online application portal Hochschule Niederrhein	

- 1. I start [my registration](#) at [hochschulstart.de](#) and note down the user name and password I have chosen myself in the table above. After completing the registration on hochschulstart.de, I can find BID and BAN under "My data".
- 2. I go to the [online application portal of the Hochschule Niederrhein \(HSNR\)](#) and register here, too. I enter BID and BAN from hochschulstart.de and transfer the data. I complete the registration and receive my user name by e-mail. I can now apply for a maximum of 6 degree programmes at HSNR.
- 3. I log on to hochschulstart.de and prioritise the degree programmes: <https://www.hochschulstart.de/faq/themengebiete/priorisierung>
<https://www.hochschulstart.de/startseite/bewerben-beobachten/priorisierung>

Authorisation procedure

- I can find important dates at hochschulstart.de here: <https://www.hochschulstart.de/informieren-planen/terminuebersicht>

- During the coordination phase, I might receive automatic admission or admission offers from hochschulstart.de on an ongoing basis. **At the end of the coordination phase, the offer with the highest possible priority automatically becomes an admission.**

Succession procedure at the HSNR

The Hochschule Niederrhein does not participate in the Coordinated Succession Programme.

Any places still available will be allocated to the next applicants in a local succession procedure after the coordination phase. Applicants who were not considered in the first round of study place allocation automatically take part.

Enrolment at the HSNR

- I have received an admission offer.
- The **letter of admission** is available in the online portal of the Hochschule Niederrhein in a PDF file relating to my degree programme. I download or print out the notification and note the enrolment deadline.
I must enrol at HSNR within 10 days of automatic admission or acceptance of the admission offer at hochschulstart.de and electronic provision of this letter of admission in the HSNR online portal.
- I apply for online enrolment (registration).
- I can find out which documents I need to submit here: <https://www.hs-niederrhein.com/prospective-students/application-and-registration/#c260305>
- Once the documents have been checked, enrolment will be completed and I will receive my student login details by e-mail.

Tip!

Check your emails regularly.
